

## WILL BE TAKEN AWAY TODAY

U. S. Marshall Tolbert Will Take George Durham

BACK TO FT. SMITH, ARK.

Dunn Is In Serious Condition at the St. Francis Hospital.

United States Marshall Tolbert will leave this morning for Arkansas, Ark., with George Durham, who is charged with robbing the bank at that city and killing Sheriff Powers and his deputy on the night of February 8. Geo. Durham is locked in the city jail. He was arrested nearly two weeks ago by Chief of Police Frank Burt and Harry Sutton.

J. P. Dunn is in the St. Francis hospital with a bullet in his abdomen, and is also charged with the robbery and the killing of the sheriff and his deputy. He may possibly get well, but he was operated on yesterday and the bullet could not be located and he must die of blood-poisoning. He also has a charge of bigamy hanging over him.

Last night Marshall Tolbert sent a dispatch to the governor of Arkansas saying that Dunn cannot be removed at the present time and that he would leave here this morning with George Durham and would arrive in Fort Smith tomorrow morning, where the man will be confined until the date of his trial.

The police club is over until J. P. Dunn can be moved from the hospital and then there is likely to be some more developments in the affair. The man cannot get away at the present time, so there is no necessity of a guard at the hospital, but the sheriff thinks it is best to have one, as a man watched at the hospital all night.

The sheriff has served his warrant as at all hazards, as the man must be tried under the charge of bigamy first. The warrant was sworn out by Mrs. Hattie Dunn, who stated that she lived in Oklahoma City, but it is alleged that she has been living under the name of "Golda" at Wellington, for the past three months.

The Wellington papers state that two men and a woman came to that city two weeks ago and was injured in the leg. They stayed there about a week and then the man was brought to this city to the hospital. The woman had a baby with her and it is now being taken care of by a Mrs. L. A. Taylor. Mrs. Dunn has been in this city a number of times since her husband was brought here. She returned to Wellington last night.

## THE MODERN WAY.

Comments itself to the well-informed, to do pleasantly and effectively what was formerly done in the crudest manner and disagreeably as well. To cleanse the system and break up colds, headaches and fevers without unpleasant after-effects, use the delightful liquid laxative remedy, Syrup of Figs. Made by California Fig Syrup Co.

## ANOTHER IMPELMENT HOUSE

Wagner and Sons to Open on South Main Street.

Wichita is to have another implement house. Wagner and Sons of Galveston have leased the lower floor of the building at 211 and 213 South Main street and in a short time will open a complete line of farm implements, bugles and carriages. The members of the firm have had considerable experience in this line of business, as they were well known dealers in Galveston, Ill. They have lately moved to this city and purchased the well known Buckley residence on College Hill and will make this city their home. They will have a retail and also wholesale trade from their warehouses, and city and expect to have one of the largest retail stocks of implements and bugles in the city.

## IN BAD CONDITION

Alley in Third Block on North Main Needs Cleaning Up.

Yesterday a notice was brought to the Eagle saying that the alley in the rear of the old Occidental livery barn and the building south of it were in a very bad condition. The alley is filled with great piles of lumber, tin cans, barrels and every day a large amount of garbage is dumped here. The ground is naturally a low place and there is great danger of disease from this filth when warm weather sets in and it would be well for the health officers to order the place cleaned up.

## IS AN OLD-TIMER.

Fred Raymond Came to Wichita in 1871.

Fred Raymond, the manager of the "Missouri Girl" company and the one who played "Zerk" in that play at the Crawford last night is an old Wichita boy. He came here in 1871 when about 3 years of age and in the time when the people shot buffaloes on the prairie west of Crawford. Raymond is an old Wichita boy and has been in the city for 30 years. He has not been here for 16 years, but he is to live here, but he has been here a number of times with

## INSANE MAN BROUGHT IN

Queer Case Comes From Near Haysville.

WENT ROUND AND ROUND

But He Balked at Losing His Boot.

Ed Wood who lives on the Lawrence avenue road six miles south of the limits was the maddest man in Sedgewick county last night. If he could have gotten hold of Sheriff Simmon's gun it is hard to tell what he wouldn't have done to W. I. Badenham of Clearwater.

At 7:30 last night Badenham with a small grip was found in the road near Haysville, going round and round and round eternally, but always keeping in the middle of the road. Mr. Wood who had been a deputy sheriff had a pair of old shoes in his house and seeing that the man was crazy prepared for a desperate struggle with him. He rushed upon him, overpowered him and put the shoes on his feet. Badenham said never a word, he was absolutely speechless, but he had fearful strength although he showed no fight. When he was asked so that he couldn't walk his head drooped and he would describe a perpendicular circle with it.

The report soon spread and half a dozen neighbors came to him. All had compassion for the poor fellow who, apparently could not open his eyes, say a word or hear a thing.

Mr. Wood has had experience with crazy people, but this was the worst case he had ever seen. He had a hard time to get his grip away from him. It was clenched so tightly in his hand. He actually had to take an iron rod and pry his fingers from the handle of the grip.

Mr. Wood decided to bring Badenham to Wichita and placed him in his buggy. The crazy man got his hands on the dash board and held on to it with a vice-like grip all the way to Wichita, never saying a word or opening his eyes.

Every now and then what seemed to be a spasm took hold of him and Mr. Wood had to step the buggy several times to control him.

Previously to his arrest the crazy man was seen by John O'Neally going round and round in the road. He had been in and could get nothing from him except a sort of chatter in which he could be understood to mumble something about his fingers.

Arriving at the jail Badenham was locked in the corridor and man placed there to guard him. The poor fellow fell on the floor exhausted and laid there for an hour like a man dying. It was a sad sight to see him written on the stone floor under the light of a smoky lantern.

County Physician Jordan arrived at the jail about 10 o'clock and made a hasty examination of the man. He was on his way to the hospital and would soon be back again. He said as far as he had examined the man that he found nothing wrong. This aroused some suspicion and several efforts were made to see whether he was feigning insanity. He stood them all. Some body suggested that it would, perhaps, be a good thing to examine him at the hospital.

Before anything else was done the man's pockets and grip were searched and nothing could be found affording a clue to his identity except a small bible with the name of W. I. Badenham on the fly leaf of it.

After the suggestion of bleeding was made Badenham showed signs of reviving and soon he opened his eyes and said, "Where am I?"

Just then Mr. Wood gave the man the final test by making a huge for Sheriff Simmon's gun, at the same time saying: "That man has deceived me and I will kill him."

At this threat Badenham jumped to his feet and sought protection. This made it clear that Badenham was feigning insanity and a full confession was demanded of him. He said that he was coming to Wichita and being tired he feigned insanity so that some one would bring him here.

The sheriff kept him over night and this morning the county attorney will be consulted about his case. It is said that it is an offense against the law to feign insanity and if it is, which is doubtful, it will go hard with the humorous Mr. W. I. Badenham.

## HOUSE SELLS FOR \$2,000

Ray House Buys Property on Topeka Avenue.

C. W. Southward has sold to Ray House the property at 616 North Topeka avenue for \$2,000. The sale was made through the agency of J. W. Glendon and Co. On the lot is a seven room house. Mr. House bought it for an investment.

## CALLS HIM PAPA

Earl Smith Rejoices Over a Young Lady Visitor.

Earl D. Smith, the genial head floor-walker and assistant manager of the S. & M. store, is in the city with a broad smile yesterday. Mr. Smith is naturally of a quiet disposition and pleasant demeanor, but yesterday he was unusually happy and he could not conceal his happiness from the large force of salesmen.

## MANY WERE PRESENT

At the Grand Ball Given by the Uniform Rank of K. of P.

Company No. 2 of the Uniform Rank, Knights of Pythias gave their annual ball last night in Garfield hall.

The big room had been used by the Republican convention and the floor was not in the best of shape, but the knights made up for this by the splendor in which they entertained their guests.

Prof. Blume's fine orchestra discoursed music so that none present could resist from dancing. A good number of people were in the hall, but the room was not crowded as was the case in a number of the balls given this winter and for this reason the people were enabled to enjoy themselves to the fullest extent. There were dances for all from the plain country to the most intricate steps known and the orchestra played each number with a result that it was a pleasure to dance.

During the evening twenty members of the company under the direction of Capt. J. H. Turney gave an exhibition drill which was thoroughly enjoyed. They went through the most intricate maneuvers with a precision that showed they had been well drilled and fully alive to the possibilities of making beautiful figures during the drill. They were heartily cheered a number of times when they made some novel figure and this city may well feel proud of the company for besides being up-to-date in their drill they are royal entertainers and any society of whatever nature they give those who attend are sure to be entertained in the best possible manner and once a guest of the Knights a person always feels that they desire to be present at all of their functions.

## FOSTER-MUMA NUPTIALS

Two Young People Quietly Married Last Evening.

Miss Carrie B. Foster and Mr. Louis B. Muma were married last evening at 8 o'clock at the residence of the bride's parents, 1201 Leavenworth avenue, only the immediate family being present. The rooms were tastefully decorated in cut flowers and greenery. After the wedding an elegant supper was served. The table decorations were in pink and white carnations intertwined with smilax and ribbons.

The bride was attired in a gown of made cloth trimmed in applique over white satin. They received many beautiful presents from friends and relatives. Mr. and Mrs. Muma will be at home at 1201 Leavenworth, after March 20.

## TWO RUNAWAY BOYS

Their Home Is in Fall River and This Their Regular Trip.

Hal Abbott and Ed Thibault walked into the police station last night at 8 o'clock to report the disappearance of their parents. When they were questioned by the officers they stated that they had run away from their homes in Fall River and had stolen rides on the cars to come to Wichita. One of them said they were bound for nowhere, but wanted a place to sleep. They are about 15 years old, and stated that this was only one of their little trips. They often took such trips and would be gone two or three months. They were dirty and said they rode the bumpers all of the way to Wichita and that it was a pretty hard job. Nothing had been heard from their parents in Fall River and unless the police are notified this morning to hold the boys, they will be turned loose.

## MISS MABLE INES DEAD

Texas Climate Did Not Benefit Her

Mrs. S. A. Zimmerman of the North Lawrence avenue received the bad news yesterday morning of the death of her niece, Miss Mabel Ines at San Antonio, Texas. She was well known in Wichita having made her home here the most of the time for the last two years. Miss Ines had made many friends here who will be sorry to hear of her death. She was a bright, honorable girl and made friends wherever she went. She died in the bloom of youth, a victim of quick consumption.

## WANT A RURAL ROUTE

Farmers Around Mount Hope Have a Petition for One.

George W. Stanbach of Mt. Hope, was in the city yesterday to see if a rural route could not be established out of his town. He has been over a great deal of the country and has about fifty signatures to his petition. The farmers claim that the people of Mt. Hope oppose the routes, as they want the farmers to come in every day. The plan, according to Mr. Stanbach, is to establish the route almost entirely around the town and to say that it would benefit a great many farmers if the route was about five miles away from the town and even going half way around it.

## RECEIVED MANY COMPLIMENTS

Miss Mayme Thompson's Piano Playing Appreciated in Minneapolis.

Miss Mayme Thompson has returned from Chicago where she has been studying for the past few weeks. She gave a recital at Minneapolis a short time ago and the journal of that city says of her: "A piano recital was given last evening at the residence of Mr. and Mrs. J. P. Thompson, 125 West Twenty-fourth street, Kansas, introducing their niece, Miss Mayme Thompson, to their Minneapolis friends. There were about fifty guests. Miss Thompson is one of the most advanced pupils of Irving, and her playing showed the results of intelligent study and careful training. Her program last evening was one calling for the most brilliant and delicate technique, together with the most delicate and artistic interpretation, but all the numbers were rendered in a manner which aroused the warmest admiration of a discriminating audience. Though embodying several selections imposing a severe tax upon the capabilities of any pianist, the program throughout was rendered without the use of notes. The numbers given were 'Pavane Zaubere,' Wagner-Brassin; 'Minuet,' Josselyn; 'Pavane,' Josselyn; 'Castañola,' Kottler; 'Jocunda,' Chopin; Rhapsodie No. 11, Liszt."

## BUILD BUSINESS BLOCK

Y. M. C. A. Committee Considering the Proposition.

The committee of the Y. M. C. A. have in charge the matter of building an association building are now considering favorably a plan to buy a lot in the business part of the city and erect on it a building which can be used both for business and Y. M. C. A. purposes. The first plan of the committee was to buy a lot in the residence part of the city and erect a building to be used exclusively for association purposes, but the state secretary urged the adoption of the other plan.

## FOR A NEW SIDEWALK

City Engineer Preparing Plans for One on West Douglas.

The city engineer is making the plans for building the permanent sidewalk from the east line of West Douglas to the Douglas avenue bridge. At present there is a cinder walk part of the way and a board walk the balance of the distance and this is not in a very good condition, as a petition was filed asking for a permanent walk and this will be put in as soon as the weather will permit.

## REPORTS AT TOPEKA

H. C. Biddle Will Soon Be Deputy Marshal.

H. C. Biddle, of this city, is now in Topeka, where he has reported to United States Marshal, L. C. Crum, who appointed Mr. Biddle his deputy. The new deputy will have charge of this division and the office in this city. He will assume his duties at once.

## KILLED IN PACKING HOUSE

Charles Emmons Hears Sad News From Kansas City.

Charles Emmons, who is employed in the street department, received a telegram from Kansas City yesterday afternoon stating that his son, who worked in the Swift Packing House at Kansas City, had been killed. His son had been left at once for that point. His son formerly lived in this city, but further details of the accident were not obtainable.

## HARD AT PRACTICE

Friends University Baseball Enthusiasts.

The baseball season at Friends' University has fair to be the most successful in the history of the school. With an early spring promise and good hard practice under an experienced coach, the boys will proceed to get the ball down to such a point that they will not be afraid of victory, even when playing teams of wide reputation and undoubted skill.

Most of the players are back in school. Several of them have played on the team for the last two years. The team of last year made an excellent showing in the city, and they showed them, as it will be remembered that a quarantine was placed on north hall when several of the players roomed and they coupled with the fact that the school was closed for a time, that the team was shut out of baseball, just as it was getting a good start. But this year measures have been taken to prevent anything of the sort from occurring and the season will be played clear through.

A good schedule has been arranged which will keep the team busy playing. All the games are with schools having a reputation for clean, hard playing and some interesting contests are promised. The management has endeavored to have as many games played in this city as possible, thus giving the citizens of this city a chance to see the playing of out-of-town teams compared with that of the college team of their own town.

All games in the city will be played on the new Athletic field, which is situated close to the University building. This elegant field was built a year ago and has the largest set of bleachers in any athletic field in the city. Colonel Sam Hess generously gave \$100 as a start for the fund required for facing the field. Among the new men who are in school are Charles, who played first base for Ottumwa last year. He is a crack all-round player and intends trying for the position on first base or behind the bat. In the latter position, he will find a strong opponent in the long active form of the captain of the team, Sam Seiler. This man is a veteran at the game, having caught for the team for the last three years. In the box will be seen Cornell, or De la Corne, who was one of the two pitchers with the team last year and is one of the coming pitchers of this season. Davis is a new man but comes here with a good reputation, having pitched for three years in another school. Charles and Seiler will alternate in the position of first base. On second base will be Hoyt, who did such good work during the football season and will try for third, competing with several new men in the field for that position.

He has proven a good ball player but has never had opportunity to remain in school during the baseball season. There are a number of new men trying for the position. Thompson, an old player, stands the best chance and will in all probability occupy that position.

## Makes Old Age Vigorous

Paine's Celery Compound the Greatest Nerve Tonic.

Paine's Celery Compound is the greatest nerve tonic ever given to the world. It is particularly effective when the system is gradually wasting away in old age, and when each separate organ is predisposed to degeneration.

Paine's Celery Compound renders a vigorous old age possible. It keeps the nervous system in a normal condition of health; it keeps the digestive organs in perfect condition; it keeps the liver and kidneys active and in perfect health; it nourishes nerve fibers, as well as muscle fibers and other tissues; it keeps the nerve force strong; it adds direction; it makes rich, pure blood and gives strength and health to those in whom the energies of the human body have begun to wane.

In the treatment of the infirmities common to old age, Paine's Celery Compound is the world's greatest remedy.

William P. Snowden and his family were the first white settlers of the town that is now the city of Omaha. He has had a long and eventful life. His trade was that of a brickmaker. He fought with the army of the North from 1861 to 1864. He had previously seen service in the Mexican War in the service. He has held many local offices of trust and there is no better known man in Nebraska today.

"It gives me great pleasure," he wrote in a letter on Oct. 11 last, "to attest the good qualities of Paine's Celery Compound. I have used it for years, and it has never failed to help me. While I am perhaps the oldest resident of this city, I am in good health. I have never found it necessary to take any other medicine."

Nothing has ever approached Paine's Celery Compound in its power of building up weakened nerve tissues and giving strength to the tired body. In severe cases of persistent headaches, dyspepsia, neuralgia and sleeplessness, due to nervous feebleness, Paine's Celery Compound has a record of rapid and lasting cures that embraces every city and town in the wide sweep of the United States.

appearance and activity, which I believe is the result of my using Paine's Celery Compound. It is a great help to me, and I hope every old person will use it and be saved sickness and suffering."

Give the nerves a chance to recover, and the entire body will regain its health and strength. Paine's Celery Compound is nature's food for the nerves.

W. P. SNOWDEN.
